The Dragon Driver's job is to protect the people who live in the shadow of dragons and even travel with them, providing aid if needed, in addition to protecting the dragons and assisting them with daily tasks. While the Dragon Driver's are part of the Dragon Rider's association, they are similar to the Knights of the Round in terms of organization and duties, but are a more militarized organization whose most prized treasure is Dragon's Soul. Dragon's Souls are spheres that harness dragon energies. Collect the souls of dragons and combine them with Dragon's Soul to awaken the ancient dragon god, Cress, with the ultimate goal to protect the peace of both dragons and humans. A more experienced Dragon Driver can draw on memories of previous travels to help out, while a Dragon Driver new to traveling with dragons can improve their chances of survival by traveling with a confident dragon. About the Elden Ring The Elden Ring was created to serve as a safe haven for the remnants of humanity after the destruction of the Old World.
